### STRICTLY WHOLESALE

JUNE 1927

This list supersedes all previous lists.

In this list we are offering only a few items which we grow in large quantities. Our regular list will be mailed in September.

All offers are subject to prior sale, shortage or failure of crops, or other causes beyond our control. We give no warranty, express or implied, and will not be in any way responsible for the results of planting or forcing of any plants, roots or shrubs sent out.

While we take great care in not booking more orders than our stock warrants, we reserve the right to pro-rate all orders if at the time of digging we find shortages do exist.

**Acer polymorphum atro purpureum**, grafted plants of the true, blood-red variety; in every way superior to seedlings of the red variety which nearly all revert to the green type.

| “ “ “ “ “ “ “ “  | “    | 24 in. | 50.00   |

Special prices for carload lots.

**Lilacs.**

We will have an ample supply of Lilacs to offer in the finest varieties; in this list we only offer three outstanding varieties, namely:

*Mrs. Edward Harding*, double, bright carmine, big panicles of large, full flowers. This variety was awarded the special prize founded by Mrs. Edward Harding for the best double red lilac...each \$2.00

*Jan van Tol*, single, pure white, very large trusses and extremely large individual flowers; it is a very good grower and flowers very freely..... each \$1.00

*Katherine Havemeyer*, double, cobalt blue, flushed mauve; enormous flower of the most perfect shape with broad, imbricated lobes. One of the handsomest lilacs.....each \$2.00

**Rhododendron hybrids.**

We are growing Rhododendron hybrids very successfully in Bridgeton, they are grown without irrigation and without overhead shading, consequently they are very hardy. In our September List we will quote varieties, sizes and prices.

**Roses.**

*Pink Grootendorst* (Hybrid Rugosa), a variety similar in every way to the well known F. J. Grootendorst except that Pink Grootendorst flowers with beautiful clear pink clusters; they cover the plants the whole flowering season. The individual flowers are also somewhat larger and beautifully fringed. It is absolutely hardy and, in combination with the red Grootendorst will be largely used for planting in masses or between shrubbery in borders.

Fine plants.....per 100 \$75.00

**Half Standard Roses.**

Half Standard Roses are excellent material for small gardens. Orleans, a bright geranium-red Baby Rambler, flowers the whole season; as it is hardy it needs very little winter protection.

We draw the attention of our customers and friends to the increased facilities to reach our nurseries. Two companies are running comfortable buses from Philadelphia to Bridgeton via the splendid Delaware River Bridge. In total 16 buses leave Philadelphia every day of the week. They pass our nurseries which are situated about 1/2 mile South of Deerfield; tell the driver to let you off at the nurseries.
